Explanatory Note for Hunters filling out the Intake Document for Wild Game

One intake document may be used for a number of wild game shot by the same hunter within the same locality and within a reasonable timeframe (e.g. a day's shoot)

Individual deer carcases must be identified (e.g. tagged) with a unique number. Small wild game can be identified by a batch number

All wild game on each intake document must be shot within a reasonably sized location e.g Glen of Immal, Wicklow or Silvermines, Tipperary.

Deer hunting licence number issued by NPWS

Number of each species and sex shot to be entered in each box with total entered in final box.

For a number of wild game, the time of the first and last shot must be entered. This must be a reasonable timeframe e.g. a day's shoot

Hunters who have successfully completed a hunter training course approved by the Competent Authorities in the ROI (FSAI, DAFM & LAVS) should tick this box and enter their certificate number here.

Untrained hunters who are accompanied by a trained person who is in a position to carry out a trained person's examination should tick this box and fill in the trained person's details.

Untrained hunters unaccompanied by a trained person must tick this box and present the head and viscera along with the body to the Game Handling Establishment.

Part 1 Hunter must complete this part

Part 2 To be completed only by hunters who've completed an approved training programme. Untrained hunters must leave this part blank.

Part 3. To be completed by the person presenting the deer to the GHE

Part 4. To be completed by the GHE upon receipt of wild deer
