

The 1st National Patient Safety Office Conference 2016

The Printworks, Dublin Castle

December 7th – 8th

Day 1

7th December 2016

Time	Topic	Speakers
	Chair: Dr Tony Holohan , Chief Medical Officer	
9.45	Welcome	Dr Tony Holohan
10.00	Keynote 1 Improving Safety for People with Multi-morbidity in Primary Care	Prof Bruce Guthrie
11.30	Chair: Ms Mary Wynne <i>Monitoring and Measuring Patient Safety</i>	Chair: Ms Marie Kehoe-O'Sullivan <i>Knowledge Translation for Patient Safety</i>
11.30	National Sepsis Outcome Report 2016 Dr Vida Hamilton, Clinical Lead, HSE Sepsis Programme	Developing a QI Learning Collaborative: The 'Better Beaumont' Journey Ms Debbie McNamara and the Better Beaumont team
12.00	Taming the Wicked Problem of Hand Hygiene Dr Paul O'Connor, NUI Galway	Poster Walk Around 1 <i>Knowledge Translation for Patient Safety 1</i>
12.30	The Role of the Pharmacist in Optimising Patient Care, Lessons to be Learned both Clinically and Economically Prof Stephen Byrne, UCC	
	Chair: Dr Fidelma Fitzpatrick	Facilitator: Ms Margaret Brennan
14.00	Introduction to Longitude Prize	Ms Nina Cromeyer Dieke
14.10	Longitude Prize – Infectious Futures 1	Ms Cathy Belton
14.25	Plenary – Prudent use of Antimicrobial Agents in the European Union: Lessons from the Commission Survey, 2015	Dr Catherine Dumartin
14.55	Plenary – Case Studies in Quality Improvement using Front-Line Ownership	Dr Michael Gardam
15.25	Longitude Prize – Infectious Futures 2	Ms Cathy Belton
15.40	Is it too Late to Turn the Antibiotic Resistance Tide - what can you do to help? On the Couch* with Dr Fidelma Fitzpatrick	
16.20	Day 1 Round Up and close	Dr Philip Crowley

* Confirmed Couch participants – Dr Rob Cunney (Clinical Lead, HSE HCAI/AMR Clinical Programme), Dr Vida Hamilton (Clinical Lead, HSE Sepsis Programme), Dr Nuala O'Connor (ICGP Lead for Preventing Health Care Associated Infections and Antimicrobial Resistance), Dr Michael Gardam (Assoc Prof of Medicine, University of Toronto), Ms Mary McKenna (HSE Lead Infection Prevention and Control), Prof Martin Cormican (Professor of Bacteriology, NUI Galway.)

Tea/Coffee on arrival Day 1 and Day 2

For break times and rooms, see your name badge.

Day 2

8th December 2016

Time	Topic	Speakers
	Chair: Dr Tony Holohan , Chief Medical Officer	
8.30	Minister for Health: Launch of the National Patient Safety Office (NPSO)	Mr Simon Harris, T.D.
9.30	Chair: Prof Hilary Humphreys	
	Keynote 2 Using National Quality Registries to Guide and Evaluate Clinical Improvement Efforts – Encouragement from Sweden	Dr Johan Thor
10.15	Launches: Prof Hilary Humphreys introducing the new Chair National Clinical Effectiveness Committee (NCEC) Dr Graham Love introducing new HRB-Collaboration in Ireland for Clinical Effectiveness Reviews (CICER) Director	
	Chair: Dr John Fitzsimons <i>Clinical Effectiveness</i>	Chair: Ms Brigid Doherty <i>Patients as Partners in Safety</i>
		Facilitator: Ms Cornelia Stuart
11.15	Clinical Handover Workshop Dr John Fitzsimons, Dr David Vaughan, Dr Catherine Diskin <i>(numbers restricted)</i>	Two Sides of the Coin Ms Ger Kilkelly, Patient Advice Liaison Officer, Galway University Hospitals
		Poster Walk Around 3 <i>Clinical Effectiveness</i>
		National Patient Experience Survey Programme - the Partnership Approach Ms Tracy O'Carroll, HIQA
		Co-designing Patient-Centred Care; people working together to create value Dr Colin Doherty, Ms Mary Fitzsimons and Dr Jarlath Varley
12.45	How can we really Partner with our Patients? On the Couch* with Dr Kathleen Mac Lellan, Director, NPSO	
	Chair: Dr Philippa Ryan-Withero	Chair: Dr Dubhfeasa Slattery <i>Launch of 1st NCEC National Clinical Audit</i>
		Facilitator: Ms Rosemary Smyth
14.15	<u>Clinical Effectiveness</u> HSE National PPPG Framework (Policies, Procedures, Protocols & Guidelines) Workshop Ms Brid Boyce, Ms Maria Lordan- Dunphy	<u>Clinical Effectiveness</u> Major Trauma Audit – Lessons and Reflections Dr Conor Deasy, Clinical Lead, NOCA (MTA), Ms Marina Cronin, Hospital Relations Manager, NOCA
		Poster Walk Around 4 <i>Patients as Partners in Safety</i>
14.45		<i>and</i>
15.15	<u>Monitoring and Measuring Patient Safety</u> Paediatric Early Warning System (PEWS) – lessons learned Dr John Fitzsimons, Ms Rachel MacDonell	<u>Monitoring and Measuring Patient Safety</u> Patient Safety Research – What Might Measuring Adverse Events Achieve Dr Natasha Rafter and Prof David Williams on behalf of the INAES team. Prof Rhona Flin, University of Aberdeen
		<i>Monitoring and Measuring Patient Safety</i>
	Chair: Dr Áine Carroll	
15.45	Keynote 3 The Coroner's Inquest: Patient Safety Issues	Dr Brian Farrell
16.30	Day 2 Round Up	Mr Patrick Lynch
16.40	Poster Prizes and Conference Close	Dr Tony Holohan

*Confirmed couch participants Mr Tony O'Brien (DG, HSE), Dr Graham Love (CEO, HRB), Mr Phelim Quinn (CEO, HIQA), Ms Patricia Gilheaney (CEO, Mental Health Commission) and Ms Bridget Doherty (Patient Focus).

Keynote Speaker Biographies

Ms Cathy Belton

Cathy Belton is a graduate of Drama and English from Trinity College Dublin and is one of Ireland's leading stage and screen actresses. She is well known to audiences of the Gate and Abbey Theatres as well as working with esteemed theatre companies including The Druid and Rough. Popular roles have included Elizabeth Proctor in "The Crucible", Marie in Tom Murphy's "The House", Emma in Harold Pinter's "Betrayal", and Sal in Frank McGuinness's one woman play "The Matchbox" for which she was nominated for Best Actress at the Irish Times Theatre Awards.

Screen roles have included the acclaimed film "Philomena" in which she played Sister Claire opposite Judy Dench and Steve Coogan, John Boorman's "Tigers Tale" and Alan Rickman's "A Little Chaos" starring Kate Winslet.

She has also starred in many television dramas including "Single Handed", "Proof", "The Clinic" and "Glenroe", as well as "Roy" for CBBC for which she was nominated for an IFTA award for Best Actress. Currently she is filming season 3 of the acclaimed TV3 drama "Red Rock", playing the role of Patricia Hennessy which earned her another Best Actress IFTA nomination.

Dr Catherine Dumartin

PharmD, PhD

Catherine Dumartin, PharmD, PhD, works at the regional centre for healthcare associated infections prevention and control in Bordeaux, France, where she is in charge of surveillance networks for antimicrobial resistance and antimicrobial use in hospitals. She is associate professor at Bordeaux University, specialising in pharmaceutical and public health regulation, and is conducting research on the impact of the legal framework on antimicrobial use and on patient safety (Inserm 1219 – Population Health research centre). At national level, she is a member of professional working groups and institutional committees regarding antimicrobial resistance and antimicrobial stewardship activities. At the European level, she is an expert for the European Centre for Diseases Prevention and Control and worked as a consultant for the European Commission in 2015 to carry out a survey on the implementation of the Council Recommendation 77/2002/EC on the prudent use of antimicrobial agents in human medicine.

Dr Brian Farrell

MA, FRCPath, FFPATH, MFFLM, BSc

Dr. Brian Farrell is the Dublin District Coroner emeritus and past President of the Coroner's Society of Ireland. A former consultant histopathologist and barrister-at-law, he is a member of the Coroner's Society of England and Wales. Dr. Farrell has served on a number of high, level committees inter alia Review of the Coroner's Service and Bioethics. Dr. Farrell is the author of Coroners: Practice and Procedure, (Roundhall Ltd. Sweet & Maxwell).

Dr Michael Gardam

MSc, MD, CM, MSc, CIC, FRCPC

Michael has devoted his career to helping others uncover new and innovative ways to tackle complex challenges. He is a pioneer of using complex, science-based approaches, including 'Positive Deviance' and 'Front Line Ownership' to improve patient safety and other complex challenges. Michael has advised organisations in Canada and internationally and some of his clients have included the World Health Organisation, the Centers for Disease Control and Prevention, Blue Cross Blue Shield, Hand Hygiene New Zealand, the Irish Health Service Executive and the Maryland Patient Safety Center. In 2010, he founded Ignite Consulting to help support his consulting work.

His interest in physician leadership and organisational culture has led him in 2015 to become Chair of the Medical Advisory Committee at the University Health Network (UHN) as well as Program Director of the Ontario Medical Association-Canadian Medical Association Physician Leadership Development Program, developed and offered by the Schulich Executive Education Centre. He is currently a member of the Board of Directors at UHN as well as BlueDot, a Toronto-based technology company focused on infectious diseases preparedness.

As Medical Director of Infection Prevention and Control at UHN since 2001, former Director of Infectious Disease Prevention and Control at Public Health Ontario (2008 – 2010), and a former Director at Infection Prevention and Control Canada (2009-2015), Michael has worked to prevent the spread of infectious diseases in healthcare settings and the community. Michael is also an Associate Professor of Medicine at the University of Toronto and has published more than 100 scientific works.

Prof Bruce Guthrie

MB, BChir, PhD

Bruce Guthrie is Professor of Primary Care Medicine at the University of Dundee Medical School where he leads the Quality, Safety and Informatics Research Group, which conducts applied research to translate basic and clinical research into effective and reliable clinical practice. He was previously an MRC Health Services Research Training Fellow in Edinburgh and a Harkness Fellow in Healthcare Policy at the University of California, San Francisco. His research interests focus on the definition, measurement and improvement of quality and safety. His current work primarily examines multimorbidity and prescribing safety, including developing and testing complex interventions in both fields. He is the NHS Research Scotland Primary Care Champion, practices clinically in a former mining village in Scotland, and is a member of a number of NHS advisory bodies, recently chairing the guideline development group for the NICE guideline "Multimorbidity: Clinical Assessment and Management".

Dr Johan Thor

MD, MPH, PhD

Johan Thor, a physician and specialist in Social Medicine, trained at the Karolinska Institutet medical school and the Harvard School of Public Health, USA. In 2007, he defended his PhD thesis in Medical Management at the Karolinska Institutet, entitled "Getting going on getting better: how is systematic quality improvement established in a healthcare organisation? Implications for change management theory and practice".

Dr. Thor was the founding director of the Jönköping Academy for Improvement of Health and Welfare from 2009 until September 2013, when he entered a three-year Vinnvård Fellowship in Improvement Science. He undertakes research and teaching in quality improvement and leadership in health and welfare at the Jönköping Academy, with a special interest in the use of quality registries for clinical improvement efforts. Since 2010, he is Chair for a group of Experts on National Quality Registries in Sweden (www.kvalitetsregister.se).

Dr. Thor is an affiliated researcher at the Medical Management Center, Karolinska Institutet, Stockholm and in the program Translating Research in Elder Care (TREC) led by professor Carole Estabrooks at the University of Alberta, Canada.
