AIE202024	Member of the Public	<p>20 August 2020</p> <p>1. The International Whaling Commission (IWC) last met in Brazil in 2018 and is due to meet again in Slovenia in 2021. Ireland is a Member State of the IWC. The IWC allows Whale Catches to be carried out by certain Aboriginal and Eskimo Communities for Nutritional and Cultural purposes. This is known as Aboriginal Subsistence Whaling (ASW). Member States are asked to vote at the IWC Conference on whether to either continue with this allowance, increase the allowance, decrease the allowance, or stopping it completely.</p> <p>I understand that Ireland votes at the IWC to maintain ASW. Is this true? If yes will this be Irelands voting position on ASW at the next IWC conference in 2021, and for the foreseeable future?</p> <p>2. I understand that all EU States which would include Ireland vote to maintain ASW as a block vote. Is this true? If yes, does the EU/European Commission Direct all member states and Ireland specifically to vote to maintain ASW or is this left to the discretion of each individual member state? Will this policy continue for the foreseeable future?</p> <p>3. Please provide me with the most recent documents from the EU/European Commission to Ireland that either instruct, direct or advise-whichever the case may be, the Government/State of Ireland to vote at the IWC on the specific issue of ASW in the way the EU/European Commission choose/wish its Member States to vote on this issue. The documents concerned should also provide the EU/European Commission contact details of the specific office within the EU/European Commission including email addresses that deal specifically with the matters I have raised here.</p>	Transferred	20 August 2020
