As Vodafone are not currently building any international fibre capacity from Ireland we are not in a position to substantially respond to your consultation.

We are currently using fibre capacity leased from a number of suppliers :

- Lanis (capacity): 16x10Gs provided by Eircom
- Solas (capacity): 16x10Gs provided by Eircom – all being migrated on Group Solas df
- Solas (df): 1.2Tb in use out of 8.8Tb capacity possible
- We also lease capacity from GTT/Colt on Hibernia/CeltixConnect

I hope we are in a position to supply more information at another time.

Regards
