Hi
I see huge merit in implementing this type of scheme.
It will encourage all of us but particularly our children to collect and cash in on this type of scheme.
It should be funded and administered by the producers of the product in question.
Payment up front when you buy the product and then refunded subsequently.

All our local authorities could help to facilitate the scheme which would be an enormous benefit to their efforts to keep our envious litter free.

A pilot program initially followed by nationwide rollout is what I envisage.

Please consider this type of proposal carefully

Thanks
