Subject: Public Consultation Deposit and return scheme (DRS)

Hello,

In regard to the Public Consultation Deposit and return scheme (DRS) I would like you to consider adding glass bottles to this scheme.

I have previously lived in Germany where they have a DRS for plastic and glass bottles. While there has been issues with the effectiveness off their DRS a much higher percentage of drink containers in Germany are reusable glass bottles than in Ireland.

Recycling is not the solution to the plastics crisis, we need to reduce the amount of plastic that is produced.

We need a scheme where producers have an incentive to increase the amount of reusable drink containers (glass) that can then be returned and reused.

Thank you

Regards
