Dear sir/madam,

I am writing in regards to the Deposit Return Scheme that the Government is considering. I wanted to say, as a life long citizen of Cork City, that I wholly support this idea.

Ireland is incredibly behind in its waste management and recycling. Waste is a huge issue linked to climate change, and this initiative would help to create a closed system, where most of our plastic and aluminium could be recycled or reused.

I think a lot of Irish citizens would support this, as litter and a lack of recycling is a huge issue in Ireland.

Thank you for your time and consideration, and I hope this scheme comes to fruition.

Warm regards,
