Hi ,

I am writing to you in favour of the Deposit Return Scheme , I believe we should have something similar to for example 'Sweden' they have added a recycling expense to each plastic bottle big or small , cans and even glass bottles , where you would recycle them in your local supermarket ( through a machine ) and receive back a voucher towards your shopping in that particular supermarket , also you have seperate machines stand-alone that give cash back elsewhere . It's about time we have something like this in Ireland and the Homeless and less fortunate will actually pick up litter that's worthy of a few cents and recycle it .

Regards
