Subject: In favour of Drs scheme

CAUTION: This email originated from outside of the organisation. Do not click links or open attachments unless you recognise the sender and know the content is safe.

Hi,

I 100% favour that the drs scheme is introduced in Ireland as soon as possible. I hope that this will not only increase rates of recycling, but also reduce rates of littering, which from my perspective is much higher than other European countries.

I hope this scheme will be the first step in promoting civic mindedness in the population in regards to consumption and disposal of waste.

Regards,
