Subject: Bottle / plastic deposit scheme - support

Dear all

Unfortunately, I haven't been able to make a full submission to the consultation on the bottle / can etc. deposit scheme I wanted to add another name in support. This is fantastic news and will bring Ireland in line with many of our European peers.

My only comments would be to:

- implement a scheme that prioritises the consumer (vs eg business) in how it operates, ie we need to make this as easy as possible for people to participate
- consider how glass recycling can be included as soon as feasible
- consider a communications plan which provides ongoing feedback to the public to show the difference it is making and to maintain and grow buy-in to the scheme

Many thanks
