

National Development Plan

€35 billion to transform how we travel

Delivering cleaner, greener transport by 2030. Supporting communities, travel choice and lower emissions.

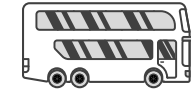

Enabling

500,000 additional daily walking, cycling and public transport journeys.

Rebalancing

in favour of public transport - 2:1 investment in new public transport projects compared to new roads.

Improving connectivity

BusConnects in 5 cities, upgraded regional and interurban rail services, enhanced road network, Metrolink and Dart+, investment in ports and airports.

Supporting

the transition to electric vehicles - contributing to a 51% reduction in emissions by 2030.

Investing

€360m annual investment in walking and cycling infrastructure.
