**Subject:** Public consultation on the Designated Salmonid Waters Bye-Law

**CAUTION:** This email originated from outside of the organisation. Do not click links or open attachments unless you recognise the sender and know the content is safe.

1. Introduce C&R on salmonoids as a primary method of protection.
2. Conduct scientific research and report on the results of the removal of the apex predator from the system on the environment, coarse and salmonoid fish alike.
3. For as long as the management is in place, to ensure Pike are transferred alive to other waters.
4. The worldwide image/reputaion of the Irish angling scene has gone down the drain as a result of the actions of a few "know-it-all" from the Corrib catchment

Thank you for your time
