Subject: Designated Salmonid waters bye-law

CAUTION: This email originated from outside of the organisation. Do not click links or open attachments unless you recognise the sender and know the content is safe.

Dear Sirs,

I would like to make a submission with regard to the proposed salmonid by-law as in its present form it serves as a danger to all our fresh water and trout fishing lakes.

I would like make the following observations,

1/ (section 6 of the proposal)

The waters should be "solely" not "primarily" managed for the benefit of wild salmon species.

2/ (item no.6 in the proposal)

This should read as a "5 year plan" not an "annual plan" as stated.

3/(item no. 7 in the proposal)

This item should be removed altogether. We want a more transparent system with input from the local fishermen and angling clubs where decisions and policies can be discussed and questions.

Thanking you,
