Dear Minister

I suggest total catch and release for all salmon and sea trout (including those under 40 cm) on all rivers, with no bait allowed (including worms) and single barbless hooks only.

I would like to see Bye-law 943 2016, in which release of all sea trout (including those under 40cm) is required on the Rivers Avoca (and tributaries), Slaney and Colligan, more prominently displayed.

Thank you
