Subject: Re: opening date 2022 - River Slaney

CAUTION: This email originated from outside of the organisation. Do not click links or open attachments unless you recognise the sender and know the content is safe.

Below please see submission in relation to the Wild Salmon and Sea Trout Tagging Scheme Regulations 2021, to provide for the management of the wild salmon and sea trout fishery by Inland Fisheries Ireland from 1st January 2022.

This submission relates to THE RIVER SLANEY and in particular to the opening date for salmon anglers. In the absence of a date published within the draft we have been left with no choice but to make the assumption that opening and closing dates will be in line with 2021.

Dear Minister Ryan,

Just a quick email to highlight the fact that next year's River Slaney opening day for salmon fishing needs to be on the 1st of March.

The main salmon run is often in early March and having anglers on the river to protect these fish against poachers is essential.

Please make this small amendment and make a huge difference in the river Slaney's future.

Regards,

[REDACTED]
