Below please see submission in relation to the Wild Salmon and Sea Trout Tagging Scheme Regulations 2021, to provide for the management of the wild salmon and sea trout fishery by Inland Fisheries Ireland from 1st January 2022.

This submission relates to THE RIVER SLANEY and in particular to the opening date for salmon anglers. In the absence of a date published within the draft we have been left with no choice but to make the assumption that opening and closing dates will be in line with 2021.

Dear Minister Ryan

It is the considered opinion of Slaney River Trust that an earlier opening of the salmon fishing season on the River Slaney would benefit salmon, by reducing poaching due to the presence of anglers on the river.

Thank you for considering this.
