

## **Marine Notice No. 17 of 2011**

*For the attention of all Shipping Companies, Ship Masters, Ship Agents, Port Authorities,  
Harbour Masters*

**Port Reception Facilities for Ship Generated Waste and  
Cargo residues – Format for Reporting Alleged  
Inadequate Port Reception Facilities**

The ability of ships to comply with the discharge requirements of MARPOL and the EU Directive 2000/59/EC, as amended, depends on the availability of adequate port reception facilities. The possibility of improving reception facilities is dependent partly on the reporting of information about inadequate facilities.

To assist in reporting, the International Maritime Organization has developed a standard format for such reporting. The attached Appendix – IMO Circular MEPC.1/Circ.469/Rev.1 of the 13<sup>th</sup> July 2007 – gives further details on how to make such a report, and Masters should use the form included as an ANNEX for this purpose.

For Irish flagged ships the reports should be sent to the relevant Port Authority, and also to the Ship-Source Pollution Prevention Section of the Department of Transport as follows:

**Ship-Source Pollution Prevention Section  
Maritime Transport Division  
Department of Transport  
Leeson Lane  
Dublin 2.**

For non-Irish flagged ships in Irish ports that wish to make a report, the forms should be sent to: (1) the relevant Port Authority; (2) Ship-Source Pollution Prevention Section at the address above; and (3) to the ship's flag State.

Director General  
Maritime Safety Directorate

## Appendix

MEPC.1/Circ.469/Rev.1  
13 July 2007

### **REVISED CONSOLIDATED FORMAT FOR REPORTING ALLEGED INADEQUACIES OF PORT RECEPTION FACILITIES**

1 The ability of ships to comply with the discharge requirements of MARPOL depends largely upon the availability of adequate port reception facilities, especially within Special Areas. The lack of reception facilities in many ports worldwide poses a serious threat of pollution to the marine environment.

2 In accordance with MARPOL, the Government of each Party:

.1 undertakes to ensure that reception facilities are adequate to meet the needs of the ships using them without causing undue delay to the ships; and

.2 shall notify the Organization, for transmission to the Parties concerned, of all cases where the facilities are alleged to be inadequate.

3 Since the possibility for improving reception facilities is dependent, at least partly, on the receipt of adequate information about alleged inadequacies and in order to provide a standard format for the related communication process, the Marine Environment Protection Committee (MEPC), at its twenty-sixth session (September 1988), approved by means of MEPC/Circ.215, the consolidated format for reporting alleged inadequacies of port reception facilities for oily wastes (MARPOL Annex I), noxious liquid substances (MARPOL Annex II) and garbage (MARPOL Annex V). This format was subsequently revised by MEPC 42 (November 1998) to make it more user-friendly and circulated by means of MEPC/Circ.349.

4 The Marine Environment Protection Committee, at its fifty-third session (July 2005), having considered the recommendation made by the Sub-Committee on Flag State Implementation, at its thirteenth session, approved the revised consolidated format for reporting alleged inadequacies of port reception facilities, set out at annex, to include reference to sewage (MARPOL Annex IV), ozone-depleting substances and exhaust gas-cleaning system residues (MARPOL Annex VI), which was circulated by means of MEPC/Circ.469.

5 The Marine Environment Protection Committee, at its fifty-sixth session (July 2007), agreed to the recommendation made by the Sub-Committee on Flag State Implementation, at its fifteenth session, to re-issue MEPC/Circ.469 by means of MEPC/Circ.469/Rev.1 containing the necessary consequential amendments following the entry into force of the revised MARPOL Annex II on 1 January 2007 and the introduction of the new NLS categories X, Y and Z.

6 Flag States are requested to:

.1 distribute the revised format to ships and urge Masters to use this format to report alleged inadequacies of port reception facilities to the Administration of the flag State and, if possible, to the Authorities of the port State;

.2 notify IMO, for transmission to the Parties concerned, of any case where facilities are alleged to be inadequate; and

.3 inform the port State of the alleged inadequacies.

Notification should be made as soon as possible following the completion of the alleged inadequacies reporting format and should include a copy of the Master's report, together with any supporting documentation.

7 Port States should ensure the provision of proper arrangements to consider and respond appropriately and effectively to reports of inadequacies, informing IMO and the reporting flag State of the outcome of their investigation.

8 Shipping companies should be encouraged to include the provisions of this circular in their procedures for shipboard operations required under section 7 of the ISM Code.

9 Member Governments are invited to bring this circular to the attention of all parties concerned.

10 This circular supersedes MEPC/Circ.469.

\*\*\*

**ANNEX**

**REVISED CONSOLIDATED FORMAT FOR REPORTING ALLEGED INADEQUACIES OF PORT RECEPTION FACILITIES<sup>1</sup>**

The Master of a ship having encountered difficulties in discharging waste to reception facilities should forward the information below, together with any supporting documentation, to the Administration of the flag State and, if possible, to the competent Authorities in the port State. The flag State shall notify the IMO and the port State of the occurrence. The port State should consider the report and respond appropriately informing IMO and the reporting flag State of the outcome of its investigation.

**1 SHIP'S PARTICULARS**

1.1 Name of ship: \_\_\_\_\_

1.2 Owner or operator: \_\_\_\_\_

1.3 Distinctive number or letters: \_\_\_\_\_

1.4 IMO Number<sup>2</sup>: \_\_\_\_\_

1.5 Gross tonnage: \_\_\_\_\_

1.6 Port of registry: \_\_\_\_\_

1.7 Flag State<sup>3</sup>: \_\_\_\_\_

1.8 Type of ship:

- Oil tanker       Chemical tanker       Bulk carrier  
 Other cargo ship     Passenger ship       Other (specify) \_\_\_\_\_

**2 PORT PARTICULARS**

2.1 Country: \_\_\_\_\_

2.2 Name of port or area: \_\_\_\_\_

2.3 Location/terminal name: \_\_\_\_\_  
(e.g. berth/terminal/jetty)

2.4 Name of company operating the reception facility (if applicable): \_\_\_\_\_

2.5 Type of port operation:

- Unloading port     Loading port     Shipyard  
 Other (specify) \_\_\_\_\_

2.6 Date of arrival:      \_\_/\_\_/\_\_ (dd/mm/yyyy)

2.7 Date of occurrence:    \_\_/\_\_/\_\_ (dd/mm/yyyy)

2.8 Date of departure:    \_\_/\_\_/\_\_ (dd/mm/yyyy)

<sup>1</sup> This format was approved by the fifty-third session of the Marine Environment Protection Committee in July 2005.

<sup>2</sup> In accordance with the IMO ship identification number scheme adopted by the Organization by Assembly resolution A.600(15).

<sup>3</sup> The name of the State whose flag the ship is entitled to fly.

### 3 INADEQUACY OF FACILITIES

3.1 Type and amount of waste for which the port reception facility was inadequate and nature of problems encountered

Type of waste	Amount for discharge (m3)	Amount <u>not</u> accepted (m3)	Problems encountered Indicate the problems encountered by using one or more of the following code letters, as appropriate. A No facility available B Undue delay C Use of facility technically not possible D Inconvenient location E Vessel had to shift berth involving delay/cost F Unreasonable charges for use of facilities G Other (please specify in paragraph 3.2)
<b>MARPOL Annex I-related</b> Type of oily waste:			
Oily bilge water			
Oily residues (sludge)			
Oily tank washings (slops)			
Dirty ballast water			
Scale and sludge from tank cleaning			
Other (please specify .....)			
<b>MARPOL Annex II-related</b> Category of NLS <sup>4</sup> residue/water mixture for discharge to facility from tank washings:			
Category X substance			
Category Y substance			
Category Z substance			
<b>MARPOL Annex IV-related</b> Sewage			
<b>MARPOL Annex V-related</b> Type of garbage:			
Plastic			
Floating dunnage, lining, or packing materials			
Ground paper products, rags, glass, metal, bottles, crockery, etc.			
Cargo residues, paper products, rags, glass, metal, bottles, crockery, etc.			
Food waste			
Incinerator, ash			
Other (please specify .....)			
<b>MARPOL Annex VI-related</b> Ozone-depleting substances and equipment containing such substances			
Exhaust gas-cleaning residues			

<sup>4</sup> Indicate, in paragraph 3.2, the proper shipping name of the NLS involved and whether the substance is designated as 'solidifying' or 'high viscosity' as per MARPOL Annex II regulation 1 paragraphs 15.1 and 17.1 respectively.

3.2 Additional information with regard to the problems identified in the above table.

---

---

---

---

3.3 Did you discuss these problems or report them to the port reception facility?

Yes       No

If Yes, with whom (please specify)

---

---

If Yes, what was the response of the port reception facility to your concerns?

---

---

3.4 Did you give prior notification (in accordance with relevant port requirements) about the vessel's requirements for reception facilities?

Yes       No       Not applicable

If Yes, did you receive confirmation on the availability of reception facilities on arrival?

Yes       No

**4 ADDITIONAL REMARKS/COMMENTS**
