

Good morning,

At the meeting of the Eastern and Midland Regional Assembly on February 11<sup>th</sup>, Members made the point that the EU JTF should be considered to fund grants to support people to move from solid fuels to pellet stoves in order to make their dwelling more energy efficient as part of the transition away from peat. They wish to submit this proposal for consideration as part of the public consultation on the EU JTF.

Kind regards,

Administrative Officer - EU and Corporate Affairs | Eastern and Midland Regional Assembly  
Floor 3 North, Ballymun Civic Centre, Main Street, Ballymun, Dublin 9
