CARBON BUDGET CONSULTATION
Carbon Budget Submission

CAUTION: This email originated from outside of the organisation. Do not click links or open attachments unless you recognise the sender and know the content is safe.

I do NOT support the proposed carbon budget as it will impact families all across Ireland. People can't heat their homes as it is and you lot have the audacity to make life more expensive.

I do NOT support any carbon budget/tax.

Making petrol and diesel more expensive means people are saving less money and therefore can't purchase an electric car. Get that into your head.
