Dear team

I strongly request that Ireland's carbon budgets are confirmed to be consistent with Ireland's commitments made as part of the Paris Agreement.

It is vital that Ireland's carbon budgets are consistent with the obligations we made at Paris Cop.

There

is no time to delay given the clear evidence from IPCC reports about the damage increasing levels of carbon is doing to humanity and the natural world.

We in Ireland have a responsibility to take significant action to reduce our carbon emissions .

Many thanks
