

Marine Notice No. 62 of 2022

*Notice to all Shipowners, Fishing Vessel Owners, Agents, Shipmasters, Skippers, Fishers,
Yachtsmen and Seafarers*

Braymore Wind Park - Unmanned Surface Vessel Survey - Trial operations off the coast of Co. Louth, Co. Meath and Co. Dublin

1. Notice of Activity

The Department of Transport has been advised that trial operations of remotely piloted Uncrewed Surface Vessels (USVs) are planned to take place in the Balbriggan and Drogheda Bay area, during **September and October 2022 for approximately six weeks**, subject to weather and operational constraints.

The vessels will be engaged in survey activity associated with the investigation of a site for development of Braymore Wind Park offshore wind farm, which is situated off the northeast coast of Ireland in the Irish Sea, between Dunany Point in County Louth at its most northern point and Braymore Point in County Dublin at its most southern point.

This is a non-invasive survey, and no contact with the seabed or any other infrastructure is planned during survey operations.

2. Location of Activity

The USVs will transit from/to Skerries harbour to the area of operation, bounded by the coordinates given in the table below. Further location information is available in Appendix 1.

Point	Latitude	Longitude
1	53°48.032 N	006°16.153 W
2	53°47.984 N	005°52.856 W
3	53°34.115 N	005°52.896 W
4	53°34.113 N	006°16.275 W

3. Details of Vessels

Two of the below-listed vessels will be used for the operations. These are an XO-450 type USV with the characteristics as shown below in Appendix 2.

- **X06** Uncrewed (call sign **MGMK5**),
- **X18** Uncrewed (call sign **MKMB6**),
- **X20** Uncrewed (callsign **MLUK4**),

- **X21** Uncrewed (call sign **MLUL2**),
- **X22** uncrewed (call sign **MMIM7**).

The USV sends real time images and situational awareness data over satellite to a team of operators keeping watch and controlling the vessel remotely 24/7.

4. Safety Precautions

Although the vessel is uncrewed, it is monitored and controlled throughout the 24-hour operations, piloted remotely using 360-degree cameras and other navigational aids.

The USV is equipped with the following to make it conspicuous to other marine traffic:

- AIS;
- Navigation Lights & Sound Signal;
- Active Radar Reflector;
- Superstructure Painted Yellow.

All vessels operating within this area are requested to avoid contact with the vessel and be aware of the operational area during this period.

A Radio Navigation Warning will be in place during operations.

5. Contact Details

Any enquiries about these operations should be directed to the following:

XOcean - Emergency Contact Details:

Fergus Bradford (Project Manager) Tel: +44 (0) 7816 395923
Email: fergus.bradford@xocean.com

Tom Davenport (Senior Operations Manager) Tel: +44 (0) 7759 237524
Email: tom.davenport@xocean.com

JP Kearns (Marine Superintendent) Tel: +353 (0) 87 051 8601
Email: jp.kearns@xocean.com

Oliver Harris (Head of Projects) Tel: +44 (0) 7549 555961
Email: oliver.harris@xocean.com

Fisheries Liaison Officer:

Mark O Reilly (Fishery Liaisons Limited) Tel: 353 (0)85 139 9000
