

Further Information on the JobPath Customer Satisfaction Survey

1. Why did I get this letter?

I've sent you this letter to let you know that a Customer Satisfaction survey is taking place shortly, that you may be contacted and asked to take part. We've asked a survey company, Behaviour & Attitudes, to find out about your experiences with your local JobPath (Turas Nua/Seetec) office. Behaviour & Attitudes may be ringing you to ask a few questions.

You **do not** have to take part in this survey. If you do not want to be contacted about the survey, please contact us at CustomerSatisfactionSurvey@welfare.ie and we will remove you from the dataset.

2. What details has the company been provided with?

The Department provided Behaviour & Attitudes with your name and phone number only for the purpose of this one survey. The company has also been provided with some description of what category you fall into, as follows:

- Sex
- Whether you are under 30 or 30 and older
- What DSP area your JobPath provider is located in
- Whether you have completed JobPath before
- Your duration on the Live Register as of July 2022 (1-2 years, 2-3 years, 3+ years)

They do not get any other information.

3. How was I selected?

You were randomly selected to take part in the survey. The Department put together a dataset for Behaviour & Attitudes only with the details above. Behaviour & Attitudes are contacting a sample of people who were JobPath clients at some stage up to July 2022.

4. How will they contact me?

Behaviour & Attitudes will call you and ask you questions from the survey. They'll only collect one response per person.

5. What happens after the survey is done?

Once the survey is done, any details about respondents provided to Behaviour & Attitudes will be deleted from their records. All the results will be anonymised; they will not be linked to you. Behaviour & Attitudes will break down the results, for example, to get the satisfaction scores for males and females, or for those under 30 and over 30 years old. Your answers, or choosing not to take part, can't affect any current or future claim you might have with the Department in any way.

6. Why is it important to take part in this survey?

We need to understand how the Department of Social Protection can ensure JobPath providers meet their commitments in delivering services to you. To do this, we would be grateful for you to answer the survey questions and let us know your experiences. The survey will only take a few minutes.

7. Is the Department allowed to use my information in this way?

The Department can contact customers for research purposes once other requirements in the General Data Protection Regulation (GDPR) and Irish Data Protection Acts are met. Behaviour & Attitudes are contracted agents of the Statistics Unit of the Department for this survey.

The Department and Behaviour & Attitudes have a Data Processing agreement in place. This means that by law Behaviour & Attitudes can only use your data for the purposes of this survey. It also means they have to keep your data safe and secure at all times. Your answers are totally private and confidential – they can't affect any current or future claim you might have with the Department in any way. You **do not** have to take part in this survey. If you do not want to be contacted about the survey, please contact us at CustomerSatisfactionSurvey@welfare.ie and we will remove you from the dataset.
