Re: The Ballina Costume Company.

*Preserving
Ireland's
Memory*

To Whom it may Concern

On behalf of Mayo County Council's Jackie Clarke Collection, we would like to express our support for the application to the Public Consultation Social Enterprise by the Ballina Costume Company.

We strongly believe that the Ballina Costume Company offers an enhanced professional service to the whole of the North Mayo area. The Costume Company has a proven tracked record of success and is an extremely well ran professional identity by the management and staff. They also offer other identities in the town the chance to get involved with the company. For instance, the Jackie Clarke Collection plays host venue to the Costume Company while they are running their seasonal arts and crafts camps creating awareness of our own venue to the families and children in attendance.

We have also collaborated on other events in the town such as National Heritage Week, Ballina Salmon Festival's Heritage Day, National Culture Night, Halloween and Christmas with great success.

Therefore, we would be delighted to support this very worthwhile application and we wish our friends in the Ballina Costume Company every success with this application.

Yours sincerely

Anne Marie Forbes

Community Development Liaison Officer/Volunteer Manager.
