Dear Sir/Madam,

I strongly disagree with single use disposable cups. They are harmful to the environment & a waste of resources. I think coffee shops need to accept our reusable cups. I don't want to go along to the providers & 'have to' buy their disposable cup because they won't accept my reusable cup.

It was done during Covid for hygiene reasons & in my opinion it has continued for convenience to the suppliers. It's a bad habit. Meanwhile we are wasting our planet resources.

Yours
