Re: Draft of Wild Salmon and Sea Trout Tagging Scheme (Amendment) Regulations 2022

15<sup>th</sup> November 2022

Dear Sir or Madam,

With respect to the recently published Draft of Wild Salmon and Sea Trout Tagging Scheme (Amendment) Regulations 2022, I, on behalf of Currane Fisheries, Waterville, wish to welcome the improvement in stocks of multi sea winter salmon recorded to the Currane catchment.

We very much welcome and approve that brown tags/mandatory catch & release are no longer required on the fishery.

Notwithstanding this we recommend conservation of stocks in the catchment by all anglers through continued voluntary catch and release of salmon.

Yours sincerely,
