A Chara,

I wish to make the following observations on the draft regulations, particularly with regard to the (Owenea/Owentocker)/Loughros Mór fishery:

- I'd ask that the distribution of the available TAC is returned to a 50/50 basis between the commercial draft net sector and the angling stakeholders.
- That the Commercial Salmon fishing licence fee for the fishery is reduced from the present €545 to below the previous level of €400 to properly reflect the present commercial viability for the local draft net fishermen.
- That the open season for the fishery is not constrained to the extent it was in 2022.

Le gach dea-ghuí,

[REDACTED]
