

Decision on Specific Prospecting Activities

The Minister has assessed the exploration project proposed by the company and has determined that the activities are not likely to have a significant effect on the environment.

PL Area	1476, Co. Carlow
Company	Blackstairs Lithium Ltd
Activity	Drilling in an area of 0.36km ² in the northern portion of PLA 1476.
Environmental Considerations	The drilling area is located approximately 1.8km from the nearest Natura 2000 Site (Slaney River Valley SAC), approximately 30.9km from the nearest Natural Heritage Area (Coan Bogs) and approximately 2.7km from the nearest proposed Natural Heritage Areas (Slaney River Valley). The company is using small volumes of treated water for drilling purposes. All drilling water will be re-circulated. Any drilling additives or greases used will be non-hazardous, non-toxic and biodegradable. The drilling is not likely to have a significant effect on the environment.
European Sites	<p>Slaney River Valley SAC (000781)</p> <p>A screening determination has been carried out for the project. Particular attention has been paid to the European Site listed above.</p> <p>It has been determined that the project does not have the potential for significant effects on a European Site on the basis that:</p> <ul style="list-style-type: none"> •The activity is temporary •There will be no direct discharge of drilling fluids into surface water systems. •The drilling area, at its closest point, is approximately 1.8km from the nearest European Site.
