The maps and townland lists should be viewed on the Government of Ireland's website at <https://www.gov.ie/en/publication/507ce-prospecting-licence-notices/>.

Where possible, they will be made available at Ashbourne Garda Station 24/7, Dunboyne Garda Station, Leixlip Garda Station 24/7 and Maynooth Garda Station; Meath and Kildare County Councils; the Geological Survey Ireland, Booterstown Hall, Booterstown, Co Dublin, A94 N2R6 and the address below.

Submissions to the renewal of the licence should be made within **30 days** of the date of this Notice. Submissions can only be made by either posting them to the Geoscience Regulation Office at the

address below or by using the **online submissions form** www.gov.ie/gsroSubmissions. The Minister reserves the right to make details of the submissions available to the applicant in order to fully consider their validity.

Please note: A Prospecting Licence entitles the holder to explore for mineral deposits only and **does not authorise mining of any minerals**. The prospecting activities permissible under a licence are, in general, non-invasive and of minimal environmental impact.

The Minister has assessed the exploration programme proposed by the Company and has determined that the activities are not likely to have a significant effect on the environment. Further information, statutory notice and the Minister's determination are available to view at: <https://www.gov.ie/en/publication/507ce-prospecting-licence-notices/>.

Date: 11th June 2024

EU General Data Protection Regulation (EU GDPR)

Department responsibilities: The Department welcomes submissions and petitions from the public. In responding to the consultation, respondents consent to their name being publicly available with their submission. The Department will redact personal addresses and personal email addresses prior to publication.

We would draw your attention to the Department's Privacy Statement:

'The Department of the Environment, Climate and Communications requires responders to provide certain personal data in order to provide services and carry out the functions of the Department. Your personal data may be exchanged with other Government Departments and Agencies in certain circumstances, where lawful. Full details can be found in our Data Privacy Notice which is available on the Government of Ireland website (<https://www.gov.ie/en/organisation-information/dfd02-data-protection/>) or in hard copy on request'.

Petitioner's responsibilities: Each Petition Organiser is a Data Controller. They should be aware of their responsibilities; those details provided by petition signatories when signing the petition (for example names, addresses, email addresses, telephone numbers and so on) are categorised as 'personal data' which is subject to EU Regulation 2016/679 'General Data Protection Regulation 2018'.

Petition Organisers as Data Controllers are required to confirm in their submission that:

- a) All individuals whose personal data is provided in the Petition have consented to the processing of their personal data by the Petition Organiser and the Department (as outlined in our Privacy Statement above),

Or

- b) That you otherwise have a legal basis (please specify) for providing such personal data to the Department for the purposes of participation in this consultation.

Decision on Specific Prospecting Activities

The Minister has assessed the exploration project proposed by the company and has determined that the activities are not likely to have a significant effect on the environment.

Company Teck Ireland Ltd

PLA 1338, 1601, 3329, 3611, and 3614

Activity

Mineral exploration consisting of desk studies, geological mapping, geochemistry, geophysics, and drilling.

Environmental Considerations

Desk studies, geological mapping, geochemistry, and geophysics are temporary, non-intrusive activities, involving minimal disturbance and with a limited zone of influence. The activities are not likely to have a significant effect on the environment.

If the activities are undertaken at or in the vicinity of a Natura 2000 site, the activities will be subject to a separate screening assessment.

If drilling is undertaken, this activity will be subject to a separate screening assessment.

European Sites Determination

A screening determination has been carried out for the project. Particular attention has been paid to the European Sites listed below. It has been determined that the project does not have the potential for significant effects on any European Site.

1. Rye Water Valley/Carton SAC (Site Code 001398)

In addition, the activities are not likely to have a significant effect on the Natural Heritage Area (NHA) or proposed Natural Heritage Areas (pNHA) listed below:

1. Royal Canal pNHA (Site Code 002103)
2. Rye Water Valley/Carton pNHA (Site Code 001398)
3. Liffey Valley pNHA (Site Code 000128)

Environmental Information is available on [the gov.ie website](#)
