

Department of the Environment, Climate and Communications

2024 Q1 & Q2 AIE Disclosure Log of non-personal Access to Information on the Environment Requests

AIE No.	Requester	Date and Details of Request Received	Decision	Date Released
AIE202442	Member of the Public	<p>27/06/2024</p> <ol style="list-style-type: none"> 1. Any draft copies of the ObSERVE 2 (https://www.marei.ie/project/observe-ii/) Report 2. Any associated data related to the ObSERVE II Study 3. Any GIS data associated with the ObSERVE II Study 		
AIE202441	Business/Interest Group	<p>19/06/2024</p> <p>As you know the AIE Regulations require environmental information to be made available to an applicant having regard to any timescale specified by the applicant, environmental information shall be made available to an applicant as soon as possible or, at the latest, within one month after the receipt by the public authority of the applicant's request; or within two months after the receipt of the request by the public authority if the volume and the complexity of the information is such that the one-month period cannot be complied with. In such cases, the applicant shall be informed as soon as possible, and in any case before the end of that one-month period, of any such extension and of the reasons for it.</p> <p>This request is for the following:</p> <ol style="list-style-type: none"> 1. The documented procedure within your public authority which is followed to ensure that the obligations of “as soon as possible” mentioned above are achieved in practice. 2. The documented procedure within your public authority which is followed to ensure that regard is had to the timescale specified by the applicant. 3. The results of any monitoring or reviews of your public authority’s performance where 		

		<p>the above two requirements are monitored and reviewed (whether internally or through an external review)</p> <p>4. If there are no documented procedures, please describe how your public authority meets these requirements of the legislation both in terms of individual requests and at a systematic level.</p> <p>Timescale Since this request is for information that is directly available to the AIE Officer and is information that relates to an existing legal obligation the timescale specified by myself is 2 weeks from the date of the request having regard to Regulation 7(10) of the AIE Regulations.</p>		
AIE202440	Member of the Public	<p>24/06/2024</p> <p>I request the following information which is non-personal in nature:</p> <ol style="list-style-type: none"> 1. Any draft copies of the ObSERVE II report, 2. Any associated data related to the ObSERVE II study, 3. Any GIS data associated with the ObSERVE II study. 		
AIE202439	Member of the Public	<p>14/06/2024</p> <p>The letter sent by the Irish Government to the European Council regarding its decision to opt out of the adoption of Directive (EU) 2024/1203 of the European Parliament and of the Council of 11 April 2024 on the protection of the environment through criminal law and replacing Directives 2008/99/EC and 2009/123/EC.</p>		
AIE202438	Member of the Public	<p>13/06/2024</p>		

		<p>I request the following information which is non-personal in nature:</p> <ul style="list-style-type: none"> • MMO reports related to survey works carried out under Marine Notice No. 46 of 2023 (https://www.gov.ie/pdf/?file=https://assets.gov.ie/288155/70d75eee-f343-40ae-8bbb-d11df519cbee.pdf#page=null) • MMO reports related to survey works carried out under Marine Notice No. 47 of 2023 (https://www.gov.ie/pdf/?file=https://assets.gov.ie/273167/6308471d-f7c6-4405-8eca-ac28aa86b832.pdf#page=null) • MMO reports related to survey works carried out under Marine Notice No. 54 of 2023 (https://www.gov.ie/pdf/?file=https://assets.gov.ie/267516/aff1a9c-64db-4fd9-ace3-2afe317b423d.pdf#page=null) 		
AIE202437	Member of the Public	<p>04/06/2024</p> <p>I request access to all records related to the joint submission received in February 2020 that identified over 300 inaccuracies in the draft 2019 wind energy development guidelines for noise (as attached).</p> <ol style="list-style-type: none"> 1. I would expect such records to include but not limited to communication email, letters, briefing notes & reports. 2. I am seeking access to the outcomes of receiving the joint submission. 	Transferred	04 June 2024
AIE202436	Member of the Public	<p>04/06/2024</p> <p>I request access to various submissions to the draft 2019 wind energy development guidelines, specifically those made by the following: MAS Environmental, the Institute of Acoustics, Wind Energy Ireland, the Environmental Protection Agency, the Office of Planning Regulator, Eirgrid, CRU, any and all local authorities.</p>	Transferred	04 June 2024
AIE202435	Journalist	<p>28/05/2024</p>	Refused	27 June 2024

		<p>a copy of any briefings, submissions, memos, speaking notes, Q&As, or other such documents prepared for Minister Ryan with regard to the latest report from the EPA indicating that Ireland is failing to miss its emissions targets.</p> <p>a copy of any correspondence between the Minister (or minister's office) or the Secretary General (or their office) and the EPA with regard to the above.</p>		
AIE202434	Member of the Public	<p>27/05/2024</p> <p>I request an Access to Information on the Environment in relation, as specified in Directive 2003/4/EC. I would like a copy of the ENVIRONMENT Report, which incorporates all the conclusions of The Strategic Environmental Assessment carried out prior to development of the bioenergy plan and program, called The Bioeconomy Action Plan 2023-2025, subsequent to the legally required The Strategic Environment Assessment as set out in Directive 2001/42/EU section 3(2). A Directive incorporated in Irish Law in July 2004. In Decision C-24/19, which dealt with the non-compliance of The Wind Energy Guidelines to EU Law, The ECJ outlined a format for deciding what constitutes a plan and a program.,</p>	Refused	17 June 2024
AIE202433	Member of the Public	<p>22/05/2024</p> <p>Re: Kish and Bray Banks Time Period: From 01/01/1999 to 02/04/2005</p> <p>1. Copy of supporting documentation related to environmental assessment submitted by the applicant with the actual application form for licence consent under the Foreshore Act 1933.</p> <p>2 Copy of the assessment undertaken by the department as part of the decision to grant licence.</p> <p>3 Copy of the bi-monthly reports submitted by the applicant post consent.</p> <p>4 Copy of assessment/communication based on the information provided by the applicant in the above bi-monthly reports.</p>	Part Granted	31 May 2024
AIE202432	Member of the Public	<p>14/05/2024</p>	Withdrawn	13 June 2024

		I request the following information from Inland Fisheries Ireland, records of all fixed charge penalty notices issued for the contravention of the Conservation of Coarse Fish Bye-Law No. 806 (2006) in the following seven WRBD lakes located within Special Areas of Conservation for the year 2022; Loughs Corrib, Ballyquirke, Inagh, Shindilla, Derryclare, Aughrusbeg and Ross Lake (Moycullen).		
AIE202431	Member of the Public	<p>25/04/2024</p> <p>My Freedom of Information request regarding to the destructive effect Lissinagroagh Wind Farm Project poses to the environment, the blanket bogs in the townlands surrounding Dough Mountain (National Heritage Area), Dough Mountain, the pollution of Lattone River, the County River, Lough Melvin (Special Area of Conservation), Dooard River, (SAC), the recently discovered water courses (Unmapped) through the caves at Tullyskeherney, Kiltyclogher, the water catchment to Lough McNean, and the water courses surrounding Manorhamilton, Co. Leitrim.</p> <p>FuturEnergy plans to develop Lissinagroagh Wind Farm at Lissinagroagh, Co Leitrim. It appointed, Tobin Consulting Engineers, to carry out studies, design, and preparation of the planning application and Environmental Impact Assessment Report and Natura Impact Statement, on behalf of the project. The wind farm was originally for 20, 185m turbines. In November 2021, Tobin's issued a Newsletter reducing the number to 18, 185m turbines.</p> <p>I am attaching the O.S. Maps from Newsletter 1 and the updated locations in Newsletter 2, identifying the new locations of the 18 turbines. The maps, identify the 'Study Area' of the Environment Impact Assessment Report. The 'Study Area' in Newsletter 2 remains the same despite major changes in the location of a number of turbine sites.</p> <p>One of the new sites is 250 meters from the edge of the Study Area and close to the recently discovered Tullyskeherney cave and the Lattone watercourse. An adjacent turbine will be built alongside the Lattone River in an area with identified but unmapped caves; dye tracing has not been carried out on these ground water courses. Two turbines will be erected in the bog on Saddle Hill and 1000m from the Ballagh River, (S.A.C.). The developers describe the Saddle</p>	Deemed Refused	

		<p>Hill sites as 'Bare un-plant able land'.</p> <p>Two will be situated on the west side of Dough Mountain (459m) with an overhang of 159m of peat. Both of these turbines are in Sitka Spruce forestry with a high possibility of landslides due to the area being upland peatland and as assessed by the Geological Survey of Ireland. This adds risk to the protected N.H.A. sites adjacent to the proposed wind farm. The developer believes these sites 'are not susceptible to subsidence'. The turbines on the Lissinagroagh, Tawnylust side are in forestry extending to the plateau of Dough Mountain. I have attached photographs of the site and the erosion as a result of bog movement and steep vertical landscape. Thirteen of the turbine sites form a linear divide through the 'Study Area'. When combined with the four remaining turbines, Lissinagroagh Wind Farm Project will encircle the majority of Dough Mountain.</p> <p>The area is a confirmed nesting site for Hen Harriers and other Annex 1 and Annex 2 E.U. Directive protected birdlife and habitats.</p> <p>As you are aware developers of wind farms and Planning Authorities reference Desk Study's from official Government bodies such as Geological Survey Ireland, Inland Fisheries Ireland, Ordnance Survey of Ireland, Records of Monument or Places, National Museum of Ireland, National Parks and Wildlife Services, as part of its Environment Impact Assessment Report.</p> <p>Could you provide me with the following documentations and information; In 2021, it stated, a requested for a submission was sent to Geological Survey of Ireland for inclusion in it's Environment Impact Assessment Report.</p> <ul style="list-style-type: none"> • A copy of this request • A copy of the Submission to Tobin's. <p>In 2022, they withdrew the request for a Pre- Planning meeting with an Bord Pleanala. Since that date, FuturEnergy has not requested Pre-Planning meetings with An Bord Pleanala or Leitrim County Council Planning Section.</p> <ul style="list-style-type: none"> • I request a copy of correspondence between Tobin's and G.S.I., between 2022 and 2024. 		
--	--	--	--	--

		<ul style="list-style-type: none"> • Have G.S.I. visit each of the 18 sites prior to making its submissions, • When did G.S.I. carry out the last inspection or investigations for caves at the sites, the surrounding areas between the Dough Mountain and Lough Melvin, prior to submitting a response to the developer of Lissinagroagh Wind Farm Project, • I request a copy of previous reports, water tests carried out into the condition of water courses in the bogs, local groundwater, Lattone River and Dooard River catchment of Lough Melvin and Lough McNear, • Has G.S.I. investigated the alterations wind farms causes to areas of blanket bog. <p>I am attaching a copy of maps identifying the location of the turbines and photographs of the area of the wind farm. I request you consider the irreversible affects this wind farm will have on Lough Melvin (S.A.C.), the groundwater, bedrock, and public health risks.</p>		
AIE202430	Business/Interest Group	<p>22/04/2024</p> <p>please provide me with an electronic copy, as soon as possible, of any documents (including but not limited to correspondence (letters, e-mails, etc.), briefings, reports, notes of telephone conversations, and notes of meetings) relating to: Any proposal to construct an LNG import terminal in Ireland on foot of, or in response to, the Energy Security Report published on 14th November 2023.</p>	Withdrawn	09 May 2024
AIE202429	Journalist	<p>18/04/2024</p> <p>any and all emails, minutes of meetings and messages between Minister Ossian Smyth and his staff or representatives and any representatives of Deposit Return Scheme Ireland CLG or Re-turn, including their PR representatives, making reference to the key words “waste disposal” “materials recovery,” “Waste to energy facility” or “NACE</p>	Refused	15 May 2024

		codes" dated between 01/07/22 and 18/04/24.		
AIE202428	Journalist	18/04/2024 any and all emails, minutes of meetings and messages between Minister Ossian Smyth and his staff or representatives and any representatives of Deposit Return Scheme Ireland CLG or Re-turn, including their PR representatives, between 30/05/22 and 01/07/22.	Part Granted	17 May 2024
AIE202427	Member of the Public	05/04/2024 (1) I request the following information from the Department of the Environment, Climate Action and Communications, under the European Communities (Access to Information on the Environment) Regulations 2007 to 2018, records of all private sector management consultancy firms who have been engaged by the Inland Fisheries Division since 2020 regarding the review of existing fisheries legislation and/or fisheries legislation that is ten years old or more. (2) I request the following information from the Department of the Environment, Climate Action and Communications, under the European Communities (Access to Information on the Environment) Regulations 2007 to 2018, records of all private sector management consultancy firms who have been engaged by the Inland Fisheries Division since 2022 regarding the Long Term Management Plan for the Great Western Lakes aka the Western Lakes Management Plan (WLMP).	Refused	02 May 2024 (For records of review of secondary legislation and policy review)
AIE202426	Member of the Public	12/04/2024 FuturEnergy are in the process of developing a wind farm at Lissinagroagh Co Leitrim. Tobin's	Part Granted	10 May 2024

		<p>Consulting Engineers produced a 'Scoping Report' in 2021, for inclusion in it's Environmental Impact Assessment Report.</p> <p>The 'Scoping Report' states that it requested a submission from the Department of Environment, Climate and Communications for inclusion in the Environmental Impact Assessment Report.</p> <p>I request a copy of the following information;</p> <ul style="list-style-type: none"> · Tobin's request for a submission for inclusion in the Environmental Impact Assessment Report on Lissinagroagh Wind Farm. · Documentation with the dates you visited the site of Lissinagroagh Wind Farm prior to making the submission, · The Department of Environment, Climate and Communications, submission to the Environmental Impact Assessment Report on Lissinagroagh Wind Farm. <p><i>(I made a Freedom of Information request to the appropriate IFI Environmental Officer in Inland Fisheries Ireland and it provided me with the information I requested.)</i></p> <p>Separate to the request pertaining to Lissinagroagh Wind Farm Development, I make a similar request under the European Communities (Access to Information on the Environment) Regulations 2007 to 2018 (AIE Regulations), for copies of Reports and Studies commissioned by Department of Environment, Climate and Communications regarding:</p> <ul style="list-style-type: none"> · Discharges and other releases into the environment, affecting or likely to affect the elements of the environment, by building a Wind Farm in the areas specified in the attached Ordinance Survey map of North Leitrim, · Into Measures (including administrative measures), such as the policies of building Wind Farm in the areas specified in the attached Ordinance Survey Map of North Leitrim, · Into policies, plans, programmes, environmental agreements, and activities affecting or likely to affect the elements and factors referred to above as well as measures or activities designed to protect those elements by building a wind farm in the areas specified in the attached Ordinance Survey map of North Leitrim, · Cost-benefit and other economic analyses and assumptions used for the above measures and activities in the areas specified by building a wind farm in the areas 		
--	--	---	--	--

		<p>specified in the attached Ordinance Survey map of North Leitrim,</p> <ul style="list-style-type: none"> · Into the state of human health and safety, including the contamination of the food chain, where relevant, conditions of human life, cultural sites and built structures that may be affected by the elements of the environment, by building a wind farm in the areas specified in the attached Ordinance Survey map of North Leitrim, · Copies of reports commissioned by the Department of Environment, Climate and Communications on the implementation of environmental legislation, by building a wind farm in the areas specified in the attached Ordinance Survey. 		
AIE202425	Member of the Public	<p>09/04/2024</p> <p>... statistics on the scale and cost of illegal dumping by local authority and at national levels.</p>	Withdrawn	16 April 2024
