

Subject: Consultation events on new Funding Model and Workforce Development Plan (19 March – 2 April)

Announcement / notification via CCCs and DCYA website

Further to the announcement made this morning by An Taoiseach Leo Varadkar TD of efforts to contain the spread of Covid-19, the consultation events on the new Funding Model and Workforce Development Plan will not go ahead as planned between the 19th March and 2 April. This is in an effort to minimise social contact during this period.

The national conversation on the future of the workforce and the future of funding within the sector remains as important as ever. We are considering how this conversation can proceed and will issue updates once available.
