Re: Corrib Field: **Application to Conduct an Offshore Pipeline Survey and Inspection / Maintenance Programme of the Offshore Facilities**

Dear Mr. Morrissey,

Please find enclosed the following documents:

- Application Form to conduct 2019 offshore scope of work
- Two Method Statements
 1. Subsea Inspection & Maintenance
 2. Well P3 Hydraulic Fluid Loss Permanent Repair
- Natura Impact Statement
- EIA Screening and Environmental Risk Assessment for Annex IV Species

These documents form the application to conduct an inspection and maintenance survey of the Corrib Field pipeline and subsea facilities along with the P3 well hydraulic fluid loss permanent repair work scope.

If you have any questions please don't hesitate to contact myself or Jarlath Trench.

Yours sincerely,

Errol Bowren
