**Ref: Consent application 2 for decommissioning:**

Good morning Noel,

After reading over the information supplied I can see no adverse impact to the safety of navigation or fishing from the decommissioning activities as outlined in the attached response.

However just before the decommissioning works commence a **Marine Notice** will be required to be written by the Department of Communications, Climate, Action and Environment or the lead contractor highlighting the nature of the work involved and the approximate length of time the works will last.

I trust all is clear.

Rgds

Capt. Lawrence Kilbane  
Nautical Surveyor
